Electric energy purchased, i.e., million kwh. equivalent								
Electric energy sold do								
Horsepower rating of power equipment (prime movers and electric motors driven by purchased energy) total 1,000 bhp								
Per production worker								
Prime movers 1,000 bhp								
Electric motors driven by purchased energy do								
Horsepower rating of electric motors driven by energy generated at the establishment do								

(X) Not applicable.

Standard Notes - Represents zero.

(D) Withheld to avoid disclosing figures for individual companies. (NA) Not available.

in part, the value of the

(Z) Less than one-half of the unit of measure specified.

Receipts for contract processing of natural gas is not included in the total value of shipments and receipts since it would duplicate products produced from such processing.

For the United States includes 6,000 barrels of distillate fuel oil and 4,000 barrels of residual fuel oil.
